DAYBREAK

NOT FOR SALE OR CHARTER TO US RESIDENTS WHILE IN US WATERS

THE EXPERT'S VIEW

DAYBREAK is part of the popular T52 series and represents the fourth hull in a limited run of nine. She accommodates up to 10 guests across five staterooms and is supported by a crew of ten. At 494 gross tons, she offers simplified cruising with fewer regulatory requirements.

Her interior by Studio Vafiadis features a modern nautical Art Deco “Riva” aesthetic, paired with an award-winning exterior by Francesco Paszkowski. Highlights include a tri-level beach club with a pool aft and a sundeck jacuzzi. A fast-displacement steel hull combined with a sub-9-foot draft provides efficient transatlantic capability and access to shallow anchorages. She cruises comfortably at 12 knots and reaches a top speed of 16 knots, powered by CAT engines.

52.00 M / 170'07"

DAYBREAK

COMMENTS AND NOTEWORTHY FEATURES AT A GLANCE

DAYBREAK is the fourth hull in the acclaimed T52 series, a lineage known for its contemporary Italian styling and indoor–outdoor lifestyle. Delivered in late 2024, she shows exceptionally low operational hours and immediately ready for private cruising or charter service. Strong, recurring charter interest further reinforces her desirability.

Accommodating 10 guests across five staterooms, and is supported by a crew of ten, DAYBREAK provides a balanced and luxurious onboard experience. Built purposefully at 494 gross tons for less regulatory compliance obligations. Her fast displacement steel hull and draft under 9 feet provide economical transatlantic range and the ability to reach shallow, otherwise inaccessible anchorages. She cruises economically at 12 knots with a 16 knot top speed, powered by reliable Caterpillar engines.

Exterior design by Francesco Paszkowski highlights signature T52 elements, including the tri-level open stern beach club, an upper deck skylounge with sliding glass walls offering sweeping 180 degree ocean views bringing guests closer to the ocean and an expansive sundeck tailored for large-scale entertaining. Two pools, one on the main deck aft and one on the sundeck maximize guest outdoor enjoyment.

Inside, Studio Vafiadis crafted a modern nautical Art Deco ambiance inspired by the “Riva” heritage. DAYBREAK’s interior distinguishes itself with a curated mix of precious marbles, Italian leather, and stainless steel accents for both luxury and durability. A dramatic backlit onyx wall in the main saloon complemented by striped teak flooring with white inlays creates nautical elegance. Warm Tanganica and Ziricote woods add richness throughout.

Furnishings on both the interior and exterior are custom sized to American standards to ensure exceptional comfort. The layout includes a full beam master suite on the main deck for elevated privacy and natural light and four guest cabins that include a convertible twin stateroom with bathtub, giving flexibility for families or charter groups. Ceiling heights are maximized at 2.10 meters throughout and sundeck hardtop at 2.35 meters, contributing to the spacious airy feel.

DAYBREAK features a gym with veranda on the lower deck with accessible directly from the main deck aft, an uncommon feature found on this size yacht. Tenders are stored out of sight on the foredeck.

DAYBREAK is an exceptional opportunity with low hours, like new and ready for immediate use.

- Five guest staterooms, accommodating 10 guests
- Full-beam master suite located on main deck
- Interior with modern Art Deco nautical “Riva” aesthetic
- Popular T52 series, hull four of nine
- Pools located on both the main deck aft beach club and sundeck
- Maximized 2.35-meter ceiling on the expansive sundeck
- Main deck aft tri-level beach club with sunbeds, pool, and shaded lounge
- Bridge deck aft designed for alfresco dining, full service bar, and BBQ
- Sundeck configured for large scale entertaining with pool, bar, fire pit, and DJ station

DAYBREAK

- Full size gym with sea side veranda
- Steel fast displacement hull with transatlantic range and under 9' shallow draft
- Highly economical speed of 11 knots with a top speed of approximately 15–16 knots
- Very low operational hours: under 1,500 on main engines and approximately 2,500 on generators
- Powered by reliable and widely preferred CAT engines

Mini ISM:	Yes
MLC:	Yes

ACCOMMODATIONS

OVERVIEW:

Master stateroom full beam on main deck
2 x VIP staterooms on lower deck aft
1 x Double stateroom on lower deck post side
1 x Convertible twin stateroom on lower deck starboard side

LOWER DECK:

Lower deck guest accommodations are accessed via the main deck, forward starboard-side lobby at midship. Four guest cabins are located on the lower deck, including three queen staterooms and one twin cabin that is convertible to a queen. The twin cabin features a bathtub/shower combination, while the remaining three guest heads are equipped with showers.

Forward in the lower deck guest lobby is access to the crew quarters, allowing for seamless service to the guest accommodations. The crew area located forward includes a crew lounge and laundry facilities to port. There are four crew cabins, each with two single berths and en suite heads.

Aft of the guest accommodations midship is the engine room, complete with an enclosed, air-conditioned control room for monitoring the vessel's systems. Further aft is the fully equipped air-conditioned guest gym, featuring a day head and an opening veranda to the sea.

DAYBREAK

MAIN DECK:

The main deck aft features a drop-down stern door creating a tri-level beach club with two sunbeds. Ascending the port or starboard staircases leads to the main deck aft, where an oversized pool (3.50 m x 1.45 m x .75 m depth, for 6 – 7 people) is centered, with settees further forward to port and starboard positioned beneath the shade of the upper deck.

Entering the main salon through full-height sliding glass doors, there's a large L-shaped sofas to port and starboard with accompanying cocktail tables. The flooring is finished in teak and holly, enhancing the yacht's nautical Art Deco aesthetic.

Moving forward is the dining area, which seats 10 guests, with china storage located aft to both port and starboard sides. On the forward starboard side of the dining area is the entrance to the guest foyer, while to port is the main deck service pantry entry, which leads into the main deck galley. The galley, designed by a Michelin chef, is fully equipped and includes walk-in refrigeration for fresh provisions.

DAYBREAK features a dedicated crew passageways with independent stairwells connecting all decks, allowing for discrete crew movement separate from guest areas.

In the guest foyer to starboard are stairs leading down to the lower deck guest accommodations and up to the skylounge/bridge deck. Moving forward, just before the owner's suite, there is a guest day head located on the starboard side of the foyer.

Upon entering the master suite, a large walk-in closet is located to port. Continuing forward the full-beam owner's stateroom features a makeup vanity to port and a daybed to starboard, both positioned in front of expansive windows. The en-suite master bath includes dual wash basins, separate his-and-hers heads, and a centrally located two-person shower.

BRIDGE DECK / SKYLounge:

Starting aft on the exterior, the bridge deck features wraparound seating and sunbathing areas. Moving forward, there is an al fresco dining space shaded by the deck above, complete with wet bar and BBQ grill.

The skylounge is accessed through double sliding floor to ceiling glass doors. Inside, the aft section is lined with floor-to-ceiling windows, offering 180-degree views. This area is furnished with a large settee and two chairs, creating an ideal setting for relaxing or enjoying movies. Forward on center in the skylounge is a full-service wet bar.

To starboard forward of the skylounge, is the entrance to the bridge deck foyer where the guest day head is located.

Past the foyer is the sixth crew cabin, also known as the flex cabin, designed for additional staff. It includes a single berth that is suitable for children as well.

DAYBREAK

On the port side of the skylounge is access to the bridge deck service pantry with dishwasher, sink and refrigeration. The captain's cabin is located directly aft of the wheelhouse.

Forward of the wheelhouse is dedicated storage for tenders and jet skis.

SUN DECK:

The expansive sundeck features two sunbeds forward of the oversized jacuzzi (1.80 m x 1.45 m x .75 m depth, 6 – 8 people). Just aft of the pool is a full-service bar with four fixed stools. To port are the crew service stairs, allowing for discreet crew access to the lower decks.

Beneath the covered section are two large settees and four chairs, creating a comfortable lounge and social area.

Further aft, beyond the covered section, are additional sun loungers with clear windbreaks, offering unobstructed panoramic views.

CREW ACCOMODATION:

DAYBREAK accommodates crew in four twin cabins located on the lower deck, captain's cabin and sixth staff cabin on the bridge deck. All crew cabins are fitted with en suite heads and showers.

MAIN MACHINERY

Main Engines:	2 x 1,470 HP CAT C32 @ 2,300 RPM
Serial Numbers:	Port: ZP201296 Starboard: ZP201300
Engine Hours (June 29, 2026):	Port: 1,548 Starboard: 1,550
Propulsion Type:	Traditional twin shaft and propeller
Engines Exhaust System:	HUG system
Gear Boxes:	ZF 3356
Shafting:	Aquamet 22
Propellers:	5 blade Nibral, approx. 1,550 mm
Engine Ventilation:	3 ventilation exhaust fans with automatic dampers

GENERATORS & ELECTRICITY

Output/Electricity:	220 volts and 110 volts converter for cabins and guest areas
Generators:	2 x CAT C 7.1
Serial Numbers:	Port: JME02108 Starboard: JME02109
Generator Hours (June 29, 2026):	Port: 2,973 Starboard: 2,977
Generator Fuel Consumption:	160 gallons, 600 Liters per day
Generator Exhaust System:	Manual underwater or above water
Emergency Generator:	Yanmar 4TNV98 27kw
Emergency Generator Hours:	58 hours@ 20 th April 2026
Shore Power:	1 or 2 cables located aft (deployed and stowed via a Glendinning system)
Shore Power Converter:	Eekels 118kva
Shore Power Transformer:	EEKELS or ASEA, converting shore supply to 400/230 V – 50 Hz.
Batteries:	Service and transitional batteries 24v DC x 2
Battery Chargers:	Mastervolt 24/40-3 all in one Main engines, service batteries, emergency generator, main generators, transitional, CAT, GMDSS
Generator Start:	2 x 12v batteries each
UPS (uninterruptible power supplies):	UPS for all safety equipment

DAYBREAK

AUXILIARY MACHINERY

Steering System:	Conventional, 2 x rudders, 2 x hydraulic pumps
Steering Gear:	Opem Sistemi
Emergency Steering:	Manual steering pump (lower deck outside of ECR and gym)
Bow Thruster:	CMC transversal propeller electric, 110kW
Stabilizers:	Electric NAIAD adaptive speed and at rest mode
Under Water Lights:	LED RGB 8 x underwater lights fitted (4 in the aft transom and 2 on each side of the stern)
Helm/Wing Station Controls:	Installation Class-approved Port wing station, wheelhouse station, starboard wing station

FUEL & OIL SYSTEM

Fuel Filters:	Separ fuel filters, primary fuel filter and secondary on all equipment
Fuel Oil Separator:	GEA Westfalia Separator OTC 3-02-137
Fuel Transfer Pump:	2 x Gianneschi ACB 431/B electric, self priming centrifugal pump
Fuel Filling Pump:	Gianneschi Idromini ACB 80E Tender refuelling pump starboard side (Ultra-Low Sulphur Diesel Fuel)
Bunkering Station:	Port and starboard bunkering station, Camlock 2"
Oily Bilge Water Separator:	Wave MiniBOSS WS- C3
Dirty Oil Pump:	Gianneschi MVI 60, with stainless steel hose reel 20mt
Lubrication Oil Pump:	Gianneschi FQ 40, with stainless steel hose reel 20mt

FIREFIGHTING & BILGE SYSTEM

Firefighting & Bilge Pump:	1 x Gianneschi fire pump 1 x Bilge pump 1 x Emergency bilge/fire pump
----------------------------	---

FRESH WATER SYSTEM

Fresh Water Makers:	Idromar MC 3 Duplex auto /hp pump model 1051 (8.6 m ³)
Fresh Water Treatment:	Hydrasil dosing pump, UV light
Fresh Water Pressure:	4 x Bar, Gianneschi FW hydrosphore
Hot & Cold Circulation Pump:	2 x Wilo hot circulation pump 2 x standby pumps
Hot Water Boilers:	2 x Gianneschi boilers I-22-05324

BLACK & GREY WATER SYSTEM

Black & Grey Water Treatment:	Hamman STP HL-Cont Plus 025 6m3/day
WC's (toilets/bidets):	Vacuum system jets
Sanitary Vacuum System:	Jets vacuum pumps
Sanitary Water System:	Jets vacuum pumps
Black & Grey Water Pumps:	Jets vacuum pumps Planus Mono and twin vortex pumps STP pump, automatic system Additional Gianneschi pump for pumping black water, grey water and sewage to facilities

DAYBREAK

GARBAGE MANAGEMENT SYSTEM

Automatic Grease Trap Grease trap DVZ-FT-1200

AC & VENTILATION SYSTEM

Air Conditioning: Heinen and Hopman 1 main system 105kW and secondary system 70kW, 5 x Chiller units
 Air Compressor: Atlas B-2610 Max pressure 8.25kg
 Air Handling Units: 29 x Air handler condenser units, 3 x UTA
 Provision Refrigeration: Walk in fridge/freezer
 2 x Rivacold compressors
 Engine Room Ventilation: 3 x Extractors/ventilation
 Galley Ventilation & Extraction: Yes, with automatic damper

HYDRAULIC SYSTEM

Hydraulic Power Packs: Main deck pool hydraulic pack, main doors/passerelle hydraulic pack, main steering hydraulic pack, bow thruster, with powerpack
 Emergency Power Pack: Manual steering power pack

ANTIFOULING SYSTEM

Type: Technoseal anodes and electrodes

NAVIGATION & COMMUNICATION SYSTEMS

NAVIGATION SYSTEMS
